Interlock - Folding and Sliding Track Systems

ASSA ABLOY is proud to be supplying a full range of folding and sliding hardware solutions under the local brand Interlock, known and trusted by New Zealanders and around the world for many decades.

The current range of Interlock – Folding and Sliding products are therefore substantially the same as those previously offered under the Henderson brand.

As distributors of Folding and Sliding hardware for over 23 years, ASSA ABLOY has a wealth of product knowledge and support services at your disposal.
